Public Accessibility Documentation

PWS Name: Aledo Ridge

PWSID: 1840185

Purpose of this worksheet: For systems to provide documentation to states on how public accessibility requirements of the LCRR were met. *All information on this page is required.*

Remember that the LCRR requires systems to use a location identifier for service lines that are lead and galvanized requiring replacement. Water systems may, but are not required to, include a locational identifier for lead status unknown service lines or list the exact address of each service line (40 CFR \$141.84(a)(8)(i))).

Customers Acct Number 2. Does every service line have a location identifier? If "No", explain below. * 3. How is the inventory made publicly accessible? Check all that apply. Remember that if your system serves > 50,000 people, you must provide the inventory online. * Interactive online map No Printed tabular data No Information on water utility mailings or newsletter No Online spreadsheet Yes Hard copy information available in water system office No Printed service line map No Other	Address	Yes	GPS Coordinates	No
