NOTICE

WATER RESTRICTIONS ARE STILL INEFFECT.

10,000 GALLONS A MONTH PER HOUSHOLD.

EVEN WITH THE NEW WATER PLANT WE DO NOT HAVE AN UNLIMITED WATER SUPPLY. THE WATER WELLS PRODUCE A LIMITED AMOUNT OF WATER AND THE WATER LINES CAN ONLY DELIVER A LIMITED AMOUNT OF WATER.

MOST PEOPLE ARE REASONABLE WHEN IT COMES TO WATER USAGE, HOWEVER THERE ARE TOO MANY PEOPLE THAT ARE EXCESSIVE IN THEIR WATER USE. WITH AUTOMATIC LAWN SPRINKLERS IT IS EASY TO OVER USE WATER. MOST LAWN EXPERTS STATE "IF PEOPLE WATER MORE THAN TWO DAYS A WEEK, THEY ARE WATERING TOO MUCH". FURTHER, A BIG PERCENT OF THE WATER SPRINKLED DURING THE HEAT OF THE DAY IS LOST TO EVAPORATION.

UNFORTUNATLY THIS CREATES A PROBLEM FOR ALL OF THE US. IT IS OUR COMITTMENT TO SUPPLY ALL OF THE HOUSEHOLDS WITH A NORMAL AMOUNT OF WATER. WE ARE SUPPLYING MUCH MORE WATER THAN THE TCEQ REQUIREMENTS.

TO HELP SOLVE THIS PROBLEM AND TO FAIRLY DISTRIBUTE THE WATER SUPPLY TO EVERYONE, WE PLAN GO TO A GRADUATED RATE, "THE MORE YOU USE THE HIGHER THE RATE". FOR THE PEOPLE THAT ARE CONSERVATIVE USERS, THEIR WATER BILL SHOULD NOT INCREASE MUCH, THE EXCESSIVE USERS WILL EXPERIENCE AN INCREASE IN THEIR WATER BILLS. (NEW RATE EXAMPLE: IF YOU USE 50,000 GALLONS OF WATER THE MONTHLY BILL WILL BE OVER \$400.00). THE GRADUATED RATE IS NOT NEW, MANY COMMUNITIES HAVE BEEN USING A GRADUATED RATE FOR YEARS... MORE INFORMATION ABOUT THE RATE CHANGE WILL FOLLOW. UNDERSTAND, ANY RATE CHANGE MUST BE APPROVED BY THE TEXAS PUBLIC UTILITY COMMISSION.

WE WERE ALREADY PREPARING FOR A RATE INCREASE, SO NOW IS A GOOD TIME TO GO TO THE GRADUATED RATE PLAN. WE HAVE NOT HAD A REAL RATE INCREASE IN 19 YEARS. AS YOU KNOW EVERYTHING HAS BECOME MORE EXPENSIVE: ELECTRICITY, LABOR, AND MAINTAINCE PLUS THE COST OF THE NEW PLANT \$100,000.

WE HAVE ALWAYS KEEP OUR WATER RATE AS LOW AS POSSIBLE AND WILL CONTINUE TO DO SO.

DRINKING WATER IS PRECIOUS AND VERY LIMITED, PLEASE CONSERVE IT!
